WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham,	Mass.
Amn. Watch Co.	Waltham,	Mass.
American Watch Co., Crescent St.,	Waltham,	Mass.

A

HEROIC REMEDY!

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR!

Based on Science. Prepared with skill, and all the available ingenuity and experience, that the art of pharmacy of the present day can contribute. And

COMBINING IN CONCENTRATED FORM THE MOST

VALUABLE VEGETABLE JUICES

Known in the history of Medicines for

PURIFYING THE BLOOD,

Imparting

NUTRITION TO THE SYSTEM,

Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing in last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering, Agony, Wretchedness, and Ignorance of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes

established, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The withered face—the shallow complexion
The feeble voice—the sunken glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the torturing sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?
and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

FANGS OF DISEASE

AND

HEREDITARY TAINT

ARE FIRMLY FIXED IN THE

FOUNTAIN OF LIFE—THE BLOOD.

The

INDISCRIMINATE VACCINATION

during the late war, with diseased Lymph has

TAINTED THE BEST BLOOD

in the entire land. It has planted the germ of the most melancholy disease in the veins of men, women and children on all sides, and nothing short of

A HEROIC REMEDY

will Eradicate it root and branch, forever. Such a Remedy is

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR.

ON REACHING THE STOMACH, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the arcanes of the organs with unerring certainty, and sends NEW AND PURE BLOOD BOUNDING THROUGH EVERY ARTERY AND VEIN.

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like hernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Its action upon the blood, fluids of the body, and Glandular System, are

TONIC, PURIFYING AND DISINFECTANT,

its touch disease droops, dies, and the victim of its violence, as it were

LEAPS TO NEW LIFE.

It relieves the entire system of Pains and Aches, enlivens the spirits, and imparts a sparkling brightness to the eye,
A rosy glow to the Cheek,
A ruby tinge to the Lip,
A clearness to the Head,
A brightness to the Complexion,
A buoyancy to the Spirits,
And happiness on all sides.

Thousands have been rescued from the the verge of the grave by its timely use.

This remedy is now offered to the public with the most solemn assurance of its intrinsic medicinal virtues, and powerful Healing properties.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, MAY 6, 1870.

AN INFERNAL EXPLOSION.

In the *Standard* of Monday appears a scurrilous article in regard to the Editor of this paper, which we now propose to notice partially, having just seen the *Standard*, and which we will notice more fully hereafter.

The *Standard* admitted to its columns, last week, a letter purporting to come from Chas. H. Snead, the Johnston County horse thief, but recently taken out of jail, where he had been incarcerated in default of $5,000 bail, exacted by Judge Watts, before whom he was brought on a charge of horse stealing. We have no idea that Snead wrote the letter, but believe it to have been written in Raleigh, and so stated in our notice of it.

We exonerated the Editor of the *Standard* from writing it, stating that about the time it appeared, we saw him in a buggy which "zig zagged" through the streets like Judge Settle's buggy did when Joseph lost the churn.

In the same article we called Snead the Governor's friend, and so he is, and more entitled to his respect, perhaps, than many others, such as Littlefield, Dewease, and Lafin, who under the Governor's silence, if not connivance, have been employed for the last two years in swindling the State out of more than such small fry as Snead could steal in a life time.

The Governor made this Snead a magistrate, while he was in prison. We stated this fact also, and Joseph called us a liar on account of it, but we can prove it both by living witnesses as well as by the records of the guard house of this city in connection with the date of his commission.

Our notice of the letter of the Governor's horse thieving friend produced the infernal explosion in the *Standard*, of Monday last, in which Joseph takes occasion to call us all manner of hard names, and indulging language worthy only of a blackguard. The article of the *Standard* is very much in the style of the article "Work," which appeared in that paper in September 1868.

His applies to us the epithets, "public drunkard," "public coward," "calumniator" and "poltroon." We will not say that Joseph possesses these traits of character, though it would be easy to prove that he possesses them *all*.

As to the charge of "public drunkenness," all who know us, know that the accusation is false. We have, from our youth up, led not only a sober, but for the most part an abstemious life, as every man in Orange can testify. We have not been much in the habit of visiting places where liquor is retailed, since we have been in Raleigh. We have visited Frape's, perhaps half a dozen times, where we always drank lager beer. Our drinking at Pepper and O'Conner's, has been not exceeding three glasses a week, and that only ale. We have had but one bottle of Whisky in our room for months, and that was a present from a friend; it was very good and lasted a long time.

We have too much the advantage of Joseph on this question to be driven to the necessity of a labored defence of our sobriety, else we might retaliate by an enumeration of the various times at which he has been seen not only *obfuscated* with liquor, but really beastly drunk. We might relate how he lay on the front porch bench of a house occupied by a colored lady, in East Ward in this city, an hour after sunrise, *sans culottes*, and *sans* everything else but a shirt, with the end the feet grow on, pointing to the street.

We have been very forbearing towards Joseph, on the temperance question, when it is remembered that he and his "Dad," the Governor, have so often and so falsely, published us in the *Standard*, in regard to drinking. We even forbore to publish what the Richmond and Petersburg, Va., papers said of Joseph, on the occasion of his visit to Richmond, Virginia, last year, where he behaved in a manner, not only unbecoming the Speaker of the House of Representatives, but of any one, having the least claim to decency. We heard one of his father's old friends, at the time, talk seriously of preparing articles of impeachment against him, before the Legislature, for his scandalous behavior on the occasion alluded to.

Joseph has joined the Temperance Society several times, but has invariably fallen from grace, and, like the sow, returned to wallowing in the mire.

"Some men," says Junius, "think they pay sufficient tribute to virtue when they denounce vice." So it is with Joseph. He thinks he pays sufficient tribute to temperance, by charging a sober man with drunkenness. If it will help to reform him, he may still continue his abuse, for he must either mend his ways, or end them in the Penitentiary.

We are inclined to look somewhat leniently upon Joseph's conduct; the world should not judge him too harshly for his constant use of billingsgate and scandal, for the habit of using them rightly belongs to him; he came to it by inheritance.

In conclusion, for to-day, we will say, that we have a great and important work to perform—that of exposing the corruption, rascality and extravagance of those preying upon the vitals of the State, ruining her credit and oppressing her people, and we cannot step aside from the performance of that great duty, and suffer ourself to be embroiled in a personal difficulty with one who in such a contest, has nothing to lose, but much to gain for himself and party, if he can succeed in weakening our efforts, or diverting us from our purpose.

We shall make some further allusion to the scandalous article under consideration, at some future time, perhaps to morrow.

For the Sentinel.

THE DUKE OF WELLINGTON AND GENERAL LEE.

As the campaigns of these two great Captains will be always a subject of profound interest and study, I have thought that the following paragraph would not prove uninteresting to that portion of your readers who take more pleasure in historic investigation than in the skirmishing of political parties. The passage occurs in a singularly, calm and orginal article upon Napoleon and Wellington at Waterloo, to be found in the *Southern Review* for January, 1869. Whilst there are some writers who profess to discover as much genius in the Duke of Wellington as they do in Napoleon, the foremost soldier of all the world; so there are some Southern critics who have penetrated so deep down under the surface of strategic movements that they have found higher evidences of Generalship in Gens. Stonewall Jackson and Jos. E Johnston than in the great leader of the immortal army of Northern Virginia. This is not, perhaps, to be wondered at.—We know the perversity of the human intellect. Many Yankees believe that even Ulysses Simpson knows "how to to set a squadron in the field." Grant, victorious, is a greater man with some than Lee, defeated.

"Others may hail the rising sun,
I bow to him whose race is run."

How the facts stated in the subjoined extract will be received by those Northern and Southern readers who are prone to depreciate the claims of the great Virginian, I cannot undertake to anticipate.—Statements made by so able and scholarly a publication as the *Southern Review* are certainly entitled to grave consideration.—But here is the paragraph referred to.—Speaking of the Iron Duke the *Review* remarks:

"Upon comparing the catalogue of his exploits with those of other Generals, such as Turenne, Eugene, Marlborough and the great Frederic, we fail to see the enormous superiority which, we are told, is so very apparent. Before the campaign of Waterloo, most assuredly, his achievements have no comparison, whatever, to those of Napoleon. As compared with those of Gen. Lee, they seem, including even Waterloo, absolutely insignificant. General Lee, with a force not so large as the Anglo Portuguese regular army which Wellington had under him when he encountered Messena in 1809—not half so large as his whole force if the Portuguese militia be taken into the account—in the space of twenty-eight days, in three battles, killed and wounded more men than Wellington ever killed and wounded during his whole career, from Assaye to Waterloo, both inclusive. In one of these battles Lee killed and wounded more men by 9,000, than the French army lost, including prisoners, in the whole campaign of Waterloo, and the pursuits to the gates of Paris. In the same battle he killed and wounded more men than Wellington, Blucher and Napoleon, all three together, lost in killed and wounded in the *battle* of Waterloo, by 5,000 men. In the second of these battles he killed and wounded the same number that both the opposing armies lost in the battle of Waterloo; and in the third he killed and wounded more by 7,000 than the French lost in the battle of Waterloo. In the three battles together, Lee killed and wounded more men by at least 30,000 than the Allies and French lost in the whole campaign, including prisoners. The force with which Lee operated never amounted at one time, to 50,000 men; the force with which Wellington and Blucher acted was, according to English estimates, 190,000 strong. The force to which Lee was opposed was, from first to last, 240,000 strong; the force to which Wellington and Blucher were opposed was but 122,000 strong. When Messena invaded Portugal in 1810, Wellington had 30,000 British troops, and 25,000 Portuguese regulars, who in the battle of Busaco, according to Wellington's own account, 'proved themselves worthy to fight side by side with the British veterans,' besides 40,000 admirable Portuguese militia. He had Lisbon for his base, with a British war fleet riding at anchor, and innumerable vessels of other descriptions plying between the port and England, and bringing the most abundant supplies of arms, provisions, and munitions of war. He had surrounded the port with the most tremendous system of fortifications known in modern times, and his task was to defend the strongest country in Europe. In Lee's case, his enemy had possession of the sea, and could and did land a powerful army to attack the very basis of his operations, while he was fighting another of still greater strength in front. It is probably not altogether just to Wellington to institute this comparison. If his deeds look but commonplace beside the achievements of this campaign, so do all others. The history of the world cannot exhibit such a campaign as that of Lee in 1864."

HOLDEN'S SWAMP EDUCATIONAL PROJECT.—Holden aided his loyal associates to become the owners of 300,000 acres of North Carolina school land upon the payment of $50,000. The Holden loyalists have sold 10,000 acres of these lands for as much money as they paid the State for the whole body of land, within a month after they obtained ownership. This left to these loyalists the snug little number of 290,000 acres. But this was an inconvenient farm to run, so they have arranged to sell 20,000 acres more for $100,000. This sale gives a cool profit of "a plum" to start business with. But Holden is teaching the Rip Van Winkles loyalty. North Carolina "Tar Heels" will be instructed that loyalty means stealing by statute—no other form allowed. Holden, no doubt, intends to apply the $50,000 paid the State to instruct the youth of North Carolina in Holden's ethics. Of course this instruction will be imparted by loyal teachers.—*Augusta Chronicle.*

GEN. PICKETT NOT GOING TO EGYPT.—The reported "interview" with General Pickett, who it was stated in the papers had sailed for Egypt is pronounced by the General wholly without foundation. The reporter was either imposed upon by some one who passed himself off for the General, or he made the story out of the whole cloth. His many friends are pleased to know that the General has not gone to Egypt, and has no desire to quit his native State.—Richmond Cor. Alexandria (Va.) *Gazette.*

THE ONEIDA DISASTER.—An American naval court at Yokohama has rendered a decision on the Oneida case, clearing the officers of the ill fated ship from all charges of neglect or irresolution at the moment of the collision, and charging the whole enormous guilt of the disaster on Captain Eyre.

Moved by Gov. Alcorn's proclamation for a day of thanksgiving in Mississippi, a Democratic paper in that State quotes from the Psalms thus:

"They that carried us away captive required of us mirth, saying, Sing us one of the songs of Zion."

CHINESE OPERA.—At the new Chinese gambling house, on Commercial street, they have an orchestra and opera troupe, consisting of seven or eight performers, which discourses music, instrumental and vocal, every evening. The performance beginning about 8 o'clock in the evening. The instruments consist of a Chinese fiddle, banjo and guitar, a small horn that sounds like a bag pipe, a large gong, drum and cimbals, together with other small instruments. There are two principal singers, one a youthful looking fellow, with a voice like a kitton, another older and stronger voice, who closes his eyes and sings like a tom cat. Occasionally the whole chorus of voices comes in to give effect, with a concentrated grunt which might be produced by a powerful blow on the stomach. The instrumental music is more varied than that produced by the same number of American musicians, and the pieces are considerably longer. The drummer, for instance, beats on three or four different drums, uses two different sets of sticks, and with every change produces a different sound. They keep remarkably good time, and go through the entire performance with spirit. The stage is a kind of recess or hole in the wall, with a rail in front and low ceiling. The space is about five by six feet, and in the centre is a stool, upon which a teapot is kept, from which the musicians refresh themselves. The place is visited by a number of Americans every evening.—*California Paper.*

SKATING FOR LIFE.—A story is told of a man who came upon a pack of hungry wolves while skating in an overflowed forest in the Northwest. He threw aside his gun and overcoat, and whizzed away for dear life.

It soon became apparent that he could not hope to get such a char ius as to put on top speed, and so leave them behind; but he was a practised skater, a "dab" at the fancy work acquired on the rinks, where people skate for past time, and learn to be elegant and swan like. His outer edge and figure skating saved him. On came the wolves full pelt, their hot breath reaching him just as he put on a desperate spurt, when *which!* he flew round in a beautiful circle, and the shaggy wretches, carried on by their own tremendous impetus, were a long way in front, while he went gliding off in a contrary direction.—Over and over again did he practice this manœuvre in smaller circles till the wolves themselves, baffled, and in their rage snapping and biting at each other, began to flag, and to think that after all they were in chase of the shadow of a man—a hungry dream of human flesh. Round and round went the skater, still with a cool head and clenched fist, working nearer and nearer home, until at last, in the clearing of the forest, the pursuers gave up, and, with a howl of disappointment, fled into the thickets.

A MAN'S LUNGS TURNED TO SOAP STONE.—Some ten days since a butcher of Paterson, N. J., named Frederick Keeflyn, employed at the corner of Cross and Congress streets, saw two boys fighting and ran out to part them, whereupon a man named Kahoe, a shoemaker, came out and struck the butcher on his head. On Sunday Keeflyn was found dead in his boarding house at 78 Market street. Coroner Butterworth held an inquest, and it being believed that the blow on his head had caused his death a post mortem examination was ordered, and held by Drs. Blumdell and Warren. Instead of there being any injury to his head it was discovered that death had been caused by disease of the lungs, which were hardened and presented every appearance of a mass of soap stone. The surgeons pronounce it a most extraordinary case, and declare that it is incomprehensible how the man lived as long as he did. A verdict was accordingly rendered by the jury in accordance with the facts, fully exonerating Kahoe from any connection with Keeflyn's death.

CARRIER PIGEONS.—It has been proposed to send carrier pigeons to sea with steamers, in order that in case of accident notification might be sent to land. We might thus have had news of the City of Boston. There has, however, been a discussion as to the distances which these birds fly. A great deal of popular misconception exists with regard to the powers of pigeons to perform great distances. It is commonly supposed that it is only necessary to take carriers to a distance of several hundred miles from home, and they will unerringly return. This is contrary to the fact. Although pigeons of the carrier breed possess wonderful instinct, and are endowed with extraordinary "homing" powers, yet, to enable them to fly great distances, they must be regularly trained. When properly trained, however, there is no doubt that they can perform marvellous journeys.

NUMBER AND TONNAGE OF UNITED STATES MERCHANT VESSELS.—The monthly report (No. 7) of the Bureau of Statistics, now in press, contains, besides other valuable and interesting matter, a statement showing the number of vessels and amount of tonnage belonging to each of the several States on the 30th of June, 1869. The total number of vessels was 26,393, with a tonnage of 3,744,8 9, of which 7,175 vessels, representing a tonnage of 1,319,956, belonged to New York; to Massachusetts 2,870, with 471,642 tons; to Maine 2,944 vessels, with 443,777 tons; to Pennsylvania, 2,052 vessels, with 265 685 tons; to Ohio 1,128 vessels, with 146,036 tons; to Illinois 827 vessels, with 124,694 tons, and to Michigan 730 vessels, with 108,989 tons. The number of vessels temporarily registered was 1,033, with a tonnage of 401,046 making a grand total of 27,425 vessels and 4,145,365 tons.

CHARLOTTE AND STATESVILLE RAILROAD.—The prospect of having direct intercourse once more with Mecklenburg and Charlotte by re-building the Atlantic, Tennessee & Ohio Railroad, to Statesville, is a source of great satisfaction to the people of Iredell and adjacent counties, who formerly traded to that place, as their natural outlet for the productions of this section. The productions of the mountains and lowlands, again, will meet at Charlotte, for mutual exchange upon advantageous terms, while the merchants of the place will largely benefit in supplying such merchandise as both sections will require.—With this Railroad in operation, fifty customers will visit Charlotte, to to *one* now, and the trade of the place will increase more than five fold from the upper country. It requires no sagacity to see this. Iredell has spoken—let Mecklenburg respond with $100,000, and the deed is done! *Statesville American.*

BUDDHA.—Buddha has more worshippers in the world than Christ has. This statement is very startling; but when we remember that the greater part of the four hundred millions of Chinese are Buddhists, besides the populations of Japan, Burmah, Siam, Thibet, and Ceylon, it seems to be true, for these countries contain nearly half of the whole human race. The Buddhists, if the whole world were under one government, with a perfect equality of rights, would be able to outvote the Protestant Christians by five or six to one; and a rather singular exemplification would be afforded of a saying that is frequently in the mouths of demagogues, that "the voice of the people is the voice of God."

SWEET QUININE
is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE
acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE
over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skil and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserves* and accumulations must be *held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, MAY 6, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—"Sapolio," and a number of things at Julius Lewis'; read his advertisement.

Auction to-night, at E. Via's, W. H. Jones & Co.

Mules and Wagon, for sale by the same.

Read Towles' announcement of a great auction on the 7th.

RETURNED.—The Local has returned after a four days excursion and visit among friends in his old county—Halifax, but in rather battered condition, so much so as to be unable to use the pen but very little. He will give an account of his trip as soon as he is able.

THE EXCURSION.—Yesterday morning at 8 o'clock, Oak City Council, Friends of Temperance, with a large number of invited guests, left the city, according to previous arrangement, for an excursion on the Chatham Railroad to Haywood, Chatham county.

We shall not attempt to give a description of the incidents, to-day, postponing it for the purpose of doing it more full justice to-morrow. Suffice it to say for the present, that the excursion was literally a "pleasure trip," and we have no doubt will give rise to calls on the clergy and announcements under the "marriage" heads of the newspapers, in the not distant future.

GREAT EXCITEMENT BUT NO DAMAGE.—Yesterday about noon, a pair of pretty good looking horses, attached to a wagon, ran off up Fayetteville street, from near the crossing of Davie street, towards Market Square, where they were stopped without damage to horses or wagon.

Apprehension was at first felt that they might run against the new market house and knock that ornamental structure into a heap of ruins, but fortunately the fragile building escaped the catastrophe, by the horses running near the side walk.

RESCUE STEAM FIRE ENGINE CO.—We are requested by the Secretary, Mr. Gorman, to state that the Rescue Fire Engine Company, No. 1, will turn out to day, for the purpose of testing their Engine with their new hose. The members, in uniform, will meet at their Engine house, at half past three o'clock, P. M., and will parade the entire length of Fayetteville street, from the Executive Mansion to Capitol Square, where they will use the cisterns for the test.

The public are invited to be present, but are cautioned to "keep off the grass plots," in the Square, as the penalties for disobeying the injunction will be enforced.

SUNDAY SCHOOL CONVENTION.—We are authorized to announce that the President of the N. C. R. R., will order the agents of the Road, to pass delegates to the State Sunday School Convention at Hillsboro, both ways, for one fare.

WE are under obligation to a friend at Lexington, for a club of twelve subscribers to our Weekly, accompanied by the cash. We hope our friends in other portions of the State, will speedily follow this laudable example.

EASTERN WARD IMPROVEMENTS.—We understand that certain citizens of Eastern Ward, contemplate asking permission of the next General Assembly to erect on the old Baptist Square, a market house to be erected on pillars of brick, one hundred yards in length, and wide enough to accommodate all our country cousins with shelter, including carts and teams, and that already estimates for the building have been made, and bids offered, and the money pledged to carry out the designs.

MASONIC.—There will be a meeting of Wm. G. Hill Lodge, this evening at 7½ o'clock. Work in the third degree. A fraternal invitation is extended to visiting brethren.

IMPOLITIC.—We notice in the *Standard* of Tuesday last, the announcement, that it has been determined by the city authorities to levy a tax of ten cents on each one-horse cart or wagon, twenty cents on each two-horse cart or wagon and twenty-five cents on each four-horse wagon, bringing produce of any kind to our market.

We suppose the *Standard* is fully posted in regard to the matter. This is impolitic and besides, very unjust to the farmers and others in the country, who furnish us with the necessaries of life, and we enter our protest against the proceeding, in the name of the farmers of the country and of the consumers of the city.

The tendency of this movement will be to induce those bringing produce to market, to wait until after market hours, and then sell from house to house, thus, defeating the very idea of a market, and probably, in many instances, preventing persons, who have but very small quantities of produce from bringing it to market at all.

"I BELONG TO MR. ——, WHO'S DOG ARE YOU?"—This is the doggish inscription on the collar of a poodle *purp* to be seen wagging his fleecy proportions about our streets. We were particularly struck with the aptness of the question as applicable to an indefinite number of two legged purps, who fawn around and seek to become the recognized dogs of certain men who hold in their hands the magic *wand*—the spoils.

The Aborigines Used It.

The medicinal virtues of Roots, Herbs and Barks which were used by the "Medicine men" of the Indian tribes, and which long experience has proven to possess the most efficient alterative properties for the cure of Scrofula, King's Evil, Ulcers Cancerous and Indolent Tumors, Mercurial and Syphilitic Affections, Enlargement of the Bones, Tetter, Ringworm, Boils, Pimples and diseases resulting from a despoiled state of the blood, and all female diseases, are contained in a highly concentrated form in DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT. It is a very popular medicine, and deservedly so.

my 1-eod1w

The Hillsboro' *Recorder*, is informed that twin children were lately born to a very worthy and highly esteemed family in High Point. They were joined to each other after the manner of the Siamese Twins; but the doctor cut the cord loose and the children died.

From the same paper we glean the following:

The dogs about Lessburg are running mad. The fine black dog owned by Col. Wilkerson we learn is among the number. A little boy—the son of Mr. Culbreth—was bitten, we learn, and was taken over to Mr. Pointer's in Person county to test the mad stone. It was applied, but with what effect, we have not learned.

THE MAD STONE.

It has been in Mr. Pointer's family a long time. The stone is porous and of a grayish color. It was left with the grandfather of Mr. Pointer many years ago by an old Indian who stopped at his house all night and had no money. Old Mr. Pointer wouldn't charge a cent, but the Indian left this stone, told him what it would do, and to keep the stone till he called for it. It has cured many persons.

We have since learned that the mad stone took effect; it adhered to the bite three times; and the probability is the boy is safe.

The Wilmington *Journal* of Wednesday says, that the Fifteenth Amendment Celebration was wound up,—or, rather, wound itself up—yesterday, by a *post festum* serenade to Senator Abbott, of New Hampshire.

The negro murderess, confined for sometime past in the Hillsboro' jail, under sentence of death, but whose critical condition prevented the hanging, has had her sentence commuted to imprisonment in the Penitentiary for life.

The astounding rumor reaches us, says the Wilmington *Star*, that our late neighbor-in-law Gee Z e wishes to abandon the culture of strawberries and become the successor of Col. Dockery in the "rotunda" at Washington. We trust we shall soon be enabled to publish an indignant denial of this disparaging rumor. "Excelsior!"—Yes, "higher than a kite."

The May number of "Good Words for the Young," is upon our table. This Magazine, is always brim full of instructive and profitable reading matter. Every parent should subscribe, and place it in the hands of their children. Yearly subscription, $2.50. Address J. B. Lippincott, 715 and 717, Market street, Philadelphia.

THE QUESTION ANSWERED.—The Local of the *Standard* asks the Local of the SENTINEL, where he deposited his buggy cushions on his recent visit to Weldon. We answer by saying, we left them at T. M. F's Boarding House there.

We learn that there was a large and enthusiastic Radical meeting held in Hillsboro', on last Saturday, composed of eight white men and nine negroes.

We clip the following from the Charlotte *Observer*:

We see by late London papers, furnished us by Mr. H. C. Eccles, of the Mansion House, that Mr. Louis Zimmer, General Agent of the Union Land Company, which was organized under a charter granted by the Legislature of this State, is publishing to the European world the advantages that North Carolina, Virginia and the Border States offer to the emigrant.

An Old Fallacy Exploded.

Thirty or forty years ago, it was the fashion to administer powerful purgatives as "searching medicines." Terrific doses of salts and senna, calomel and Jalap, or glauber salts were given to all the members of a family, whether sick or well by way of preparing them for the warm weather in prospect. This pernicious custom is nearly obsolete, but there are some old Bourbons of private life, incapable alike of forgetting anything or learning anything, who obstinately cling to it still. Nothing could be more pernicious, more utterly unphilosophical, than such an onslaught on the vigor and elasticity of the system. In order to enable the physical structures to resist the enervating effects of spring damps and summer heats, it should be toned and reinforced not relaxed and weakened. The best medicine agent for this purpose is Hostetter's Stomach Bitters. Its effect is to tone the stomach and liver, gently relieve the bowels from obstructions trace the nerves, improve the quality of the blood, stimulate the appetite and cheer the spirits. In this improved condition the organization is capable of resisting unhealthy influences, which would prostrate an enfeebled system. A vigorous digestion is absolutely essential to health, and there is no danger of the stomach faltering or fasting in its important office if the genial vegetable elixir is taken regularly as a stomachic. None of the tonic tinctures or extracts will supply the place of the Bitters, for the simple reason that they operate as astringents only. In fact, in ordinary practice, five or six prescriptions would be required to produce separately, the beneficial results, which are effected simultaneously, and harmoniously by this single specific.

Thursday Night Dispatches.

WASHINGTON.

WASHINGTON, May 5.—There is considerable excitement on account of the split in the Radical Convention in regard to the nomination of a candidate for Mayor. Messrs. Bowen, Richards and Emory are in the field.

The Democrats carried Elkton, Md.; the negroes voted.

The House Committee on Elections, reported a bill regulating compensation in contested election cases.

The bill for the relief of Capt. Beall of Tenn. passed.

House Committee on Foreign Relations, reported resolutions on the Paraguayan investigation, declaring that Admiral Godon neglected to perform his duty in neglecting to aid Washburne in reseeing Nicaraguan government. A minority report was also presented.

The balance of the day was occupied in efforts to pass the Senate joint resolution granting additional lands and privileges to the Northern Pacific Railroad. Adjourned until Wednesday without coming to a vote.

The Senate Committee on Pensions report adversely on the House bill granting Mrs. Lincoln a pension of $5,000 per annum, for the reason she is not in the destitute condition she represents herself to be. That in 1867 she received from Congress and Mr Lincoln's estate $20 000. The Committee say they have good reasons to believe that she received a large amount of clothing, plate and household goods after the death of Mr. Lincoln which should be added.

The Committee think that a fortune of $60,000 should be sufficient to take her out of the category of those whose necessities, in consequence of the casualties of public service, give them a claim upon the public treasury.—The report is signed by six members of the Committee.

Senator Sherman introduced a bill to-day, proposing to reduce taxes over $15,500 000, on incomes, gross receipts arising in schedule, salaries of United States officers, passports, legacies and successions, and miscellaneous special taxes, except spirits and tobacco, which includes license taxes, and all taxes on employments.

This will leave the taxes on the following articles still in force: Distilled Spirits, fermented liquors, tobacco, gas and incomes, at the rate of 3 per cent on all the stamp taxes, or taxes collectable by stamps.

PENNSYLVANIA.

WILMINGTON NORTH CAROLINA

LIFE INSURANCE COMPANY.

[o]

BOARD OF DIRECTORS:

JOHN DAWSON,
ALEXANDER JOHNSON, Jr.,
CAPT. JOHN E SPEARMAN,
CAP. I. B. GRAINGER,
B. F. GRADY,
DR. C. T. MURPHY,
COL. L. A. POWELL,
H. B. EILERS,
GEORGE W. WILLIAMS.

OFFICERS OF THE COMPANY:

JOHN DAWSON.....PRESIDENT.
B. F. GRADY.....VICE PRESIDENT AND TREASURER.
ALEXANDER JOHNSON, Jr.....SECRETARY.
DR. E. A. ANDERSON.....MEDICAL DIRECTOR.
WM. A. WRIGHT AND C. M. STEDMAN.....ATTORNEYS.
HON. ELIZUR WRIGHT.....CONSULTING ACTUARY.
REV. B. F. MARABLE.....GENERAL SUPERVISING AGENT.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

THIS COMPANY WAS CHARTERED BY THE LEGISLATURE OF NORTH CAROLINA IN February 1869. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,

WITH PRIVILEGE TO INCREASE IT TO

$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is emphatically A "HOME INSTITUTION." The stockholders are all North Carolinians; the members of the Board of Directors are all North Carolinians; the officers of the Company are ALL NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the states of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do business in them; and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law, but that Honorable Body turned a deaf ear to our humble petition and refused to do so. Now, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of her sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislatures of other States afford

PROTECTION TO THEIR INSURANCE COMPANIES,

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Good Old North State" to remain forever behind their neighbors in the MARCH OF IMPROVEMENT? Why is it that we cannot establish Institutions of our own and protect and support them, and thereby keep our money at home to benefit our own people, in the same manner that the citizens of other States do? Look at the hundreds of thousands of dollars which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies and benefit the people of other States; and what is worse than all, goes to benefit the people of States which refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them without making a heavy deposit. We have not a single word to say against the Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for by doing this they are not simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS; and they hereby pledge their honor that the management of the affairs of the company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates were calculated by the Hon. Elizur Wright, the world-renowned Actuary, and may be relied upon as being correct.

This being a "HOME INSTITUTION" we have no long list of Directors and Stockholders, composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large portion of them will be recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of eminent gentlemen abroad to refer to; but we respectfully refer to the good citizens generally of this community.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Gum used to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 9th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurous to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make 8 to 10 bbls., of the Fluid in an hour.

CAPITAL STOCK, (PAID UP,) $150.000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES B. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. THOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
